

SKIN AND HAIR SUPPLEMENT

purasomes XCell

- **FORMULATION**

We aimed at creating supplement with scientifically supported ingredients, that promote **skin and hair bioregeneration on the cellular level**.

- **INGREDIENTS**

Natural, ethically sourced non toxic ingredients enhanced through advanced biotechnologies to deliver maximum efficacy and safety.

- **MANUFACTURING**

GMP certified manufacturing facility in Italy.

- **TECHNOLOGY**

Purasomes XCell was developed with **AMPLEX+ Technology**, enhancing protection of bioactive ingredients and accelerating their absorption.

- **FUNCTIONALITY**

Purasomes XCell is a **multifunctional supplement**, promoting skin and hair health, immune and gut support as well as younger looking.

- **BRAND CREDIBILITY**

Purasomes XCell Supplement was developed by top European scientists, following **successful launch of Purasomes Biorevitalizers** two years ago, which are currently sold in 60 countries across all continents.

- **PRODUCER**

Dermoaroma is an Italian company with **14 years of excellence in Regenerative Medical aesthetics and 14 registered scientific patents**, specializing on developing cutting edge formulations amplifying cell performance naturally to rebuild the structure and restore the function of damaged and aging skin.

purasomes **XCELL**
